Dear Parishioners and Friends ~

This time of COVID-19 pandemic is unprecedented in our lifetime. Let us continue to pray to the Lord for those whose health is affected and for our health care workers. Let us pray, as well, for strength and patience during this time. The Scriptures given to us for today's Mass (Hosea 14:2-10, Psalm 81:6-11, Mark 12:28-34) are particularly appropriate at this time reminding us that God is God and our fidelity to Him is paramount. Hosea reminds us that God's guiding hand is upon us in every struggle as surely it is today. Now, with the Governor's mandate for all Californians to stay at home we are given unexpected time for quiet and prayer. Spend some of that time reading the scriptures for the day (as listed above) and continue to pray the rosary asking the intercession of our Blessed Mother to protect and comfort us during this time of trial. Most likely we will not be able to be in church for the celebration of Holy Week and Easter but we are working on plans to have it live-streamed which will be available on our parish website, [www.sanrafaelparish.org](http://www.sanrafaelparish.org). Be assured Fr. Niru and I are praying for you and remembering you at the Mass we say in our small, rectory chapel. God bless you all. "Do not be afraid, just have faith." (Mark 5:36)

Blessings,
